Dear Sir,

This is a request for records under the Freedom of Information Act (FOIA). The requested records are described below for Village of Reserve, New Mexico, NPDES Individual Permit No. 0024163.

Reasonably Described Records:

Pursuant to FOIA, I request the following records from U.S.EPA:

1. All records that relate to, reflect, or refer to the issuance of the NPDES Permit No. 0024163 on September 26, 1975, including but not limited to all applications, photographs, drawings, maps, or other records showing or describing the pathway of the sewage effluent and outfall from the waste water treatment plant to the San Francisco River. The term "records includes, but is not limited to, all correspondence, e-mails, memoranda, notes, data, authorizations, reports, directions, analyses, studies, maps or other documents in whatever media the record exists in, whether electronic or hard copy, whether draft or otherwise."
2. All records related to the renewal, modification, or reissuance of the NPDES Permit No. 0024163 from 1980 to 2013, including but not limited to all applications, NOIs, photographs, drawings, maps, or other records showing or describing the pathway of the sewage effluent and outfall from the waste water treatment plant outfall to the San Francisco River.

Type of Requester:

I am a resident of New Mexico who desires to have a better understanding of the operations and activities of the Village of Reserve's wastewater treatment plant, especially the permitted pathway for the effluent to reach the San Francisco River. The information will not be used for commercial purposes of any kind and will only be used to give the public a significant understanding of the activities of the government related to issuance and renewals of this NPDES permit and its impacts on the water quality in the San Francisco River.

Fees:

I request a waiver of the fees, but if it is deemed necessary I request that I be notified if any reasonable search and copying costs will exceed $100.00.

Thank you and please call me at 505-344-7204 or email dsumshler@att.net if you need any further information.

Sincerely,

Sue E. Umshler
