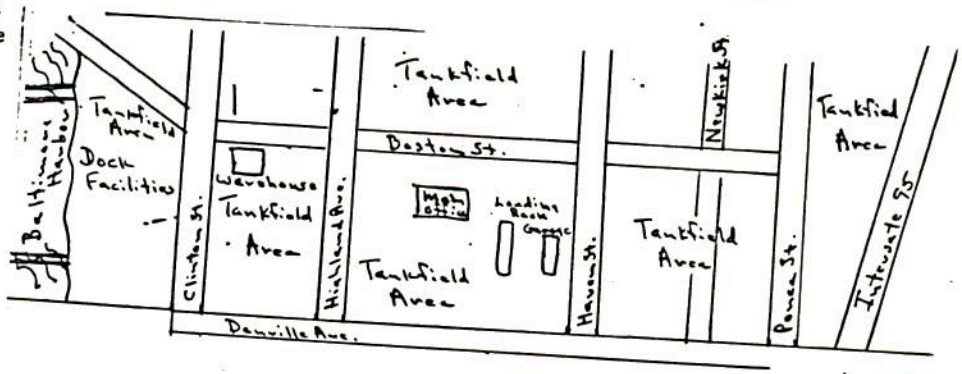
Note: Items H and I are optional. Completing these items will assist EPA and State and local governments in locating and assessi 9 hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

H Sketch Map of Site Location: (Optional)

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.



I Description of Site: (Optional)

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

This facility was one of the first Oil Refineries operating in the U.S. The facility ceased refinery operations in 1965 and was converted to an Exxon Marketing Terminal, storing Bulk Petroleum Products.

The physical layout of the facility has changed dramatically over the past 15 years in that all of the refinery equipment has been torn down and eliminated, and Interstate 95 has been built thru the Eastern portion of the site. Actual disposal area of any wastes is unknown.

J Signature and Title:

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A). For other persons providing notification, the signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required to notify check "Other".
