Hi, Kelly,

Debbie told me that she talked to you about the public comment period extension this morning. I am forwarding a copy of the notice so you can share it with the Technical Working Group. We will also be contacting the Arizona Congressionals, National Park Service, NPCA, and Sierra Club about the extension. If you have any questions, please give me a call at 520-498-0118.

I hope you are doing well.

Colleen
