---

Kevin and Sandy,

We have decided to extend the NGS public comment period by 60 days from August 5, 2013, to October 5, 2013, at the request of SRP and the Technical Working Group. I am forwarding a copy of the notice. We will let you know the dates of the public hearings as soon as we have made that decision, but they will not be in July or August. The locations will remain the same. Let me know if you have questions.

Colleen
