Attachments: CEH PFAS FOIA Request to EPA 092721.pdf

EPA Freedom of Information Officer:

Please see attached FOIA request for records relating to oral or written communications between EPA and industry
parties, including but not limited to The Chemours Company ("Chemours"), DuPont, the American Chemistry Council ("ACC"), and any other industry trade associations, law firms, public relations companies, and lobbyists, regarding the October 14, 2021, petition filed by the Center for Environmental Health (CEH) and other groups under section 21 of TSCA. This petition requests that EPA exercise its TSCA Section 4 authority to require Chemours to conduct testing on 54 Per-and Polyfluoroalkyl Substances (PFAS) manufactured at its production facility in Fayetteville, North Carolina.

The FOIA request has also been filed with FOIAonline.

Thank you.
