Wapato Roadrunner #4-260085 LUST + Old RK Oil UST/LUST

5/16/96 Call from Gary Rufener re recent GK letter

1. Old R. Kelly — PCS has been remediated — Report from Zillich coming
— soil back into the hole in a few weeks

no Topp; PCS went back to Wapato!

2. Wapato 280 CY on concrete @ Old RK Oil

3. Water sample — Zillich well SWL 16.5' (no results yet)

prior to LUST: @ Wapato Roadrunner
1 in use
2 temp. out of service — bad weld — release 100 gal/hr. @ 1.5 psi nitrogen

Wapato Roadrunner — new tanks:
— no interstitial probes, but vacuum, (ATG for inventory only)
— ~~the~~ tripple-wall piping
— but T3 to be used anyways

notes to UST file

4. ~~to~~ (4) STOP3 @ the Canal funding
call Gary Ruf. — for notice of inspection
