A tour would be great. I am hopeful that by April 8 the tour will not be via toboggan. Sally, tomorrow I will provide you with the requested two or three sentences. This is bad, but I am hopeful that on a snowy, icy day I can catch up a bit! Looking forward to meeting you.

Dave – don't know if you're familiar with this area, but it is the headwaters of the Passaic and a lovely area. If you haven't seen it, perhaps Sally could spare a body to take you on a quick tour?

Lisa, thank you so much!!

Dave, the breakfast is out our office at 568 Tempe Wick Rd., Morristown, NJ 07960. The breakfast starts at 8 and we usually start the speaker around 8:30 or 8:40 for a half hour or so and then leave time for Q & A with the program ending around 9:30. Hope this is OK! Could you send me a 2 or 3 sentence description of what you would talk about so we can use it in promoting our events and also what your title is so we can reference it accurately.

Thanks so much!!

Stay safe in the darn snow again tomorrow!

Sally

Hi Sally. Dave Kluesner is available to speak. He is our Community Involvement Coordinator

for this site, very knowledgeable about it and a dynamic public speaker. I've put him on this email so you can coordinate directly. Thx.

Hi Lisa, I'm just following up about a speaker. We're trying to get our spring programming scheduled and promoted. I would love to have someone from EPA come and speak about the Lower Passaic!!

Thanks and have a great weekend, Sally

Hi Lisa! I hope you are doing well. I just wanted to give you a quick update on things around here. We are in serious discussions with Passaic River Coalition about merging with them (really taking over). I think both boards are in favor of it conceptually, but they have a lot of liability issues that need to be resolved first. Probably nothing money can't fix!

Also, I was wondering if you could provide an EPA speaker for a breakfast program about clean up efforts on the Lower Passaic. It would be great to start involving people in the upper region with the lower region. We're thinking about April 8 from 8-9:30AM here at our office.

Thanks so much!

Sally
