Great, thanks! I'll make these changes and get the PDFs made for our internal quality review.

Subject: [EXTERNAL] Final Comments on WP and SAP

Hi Kim,

Here are the only things I found in my reading of the Parcel G Work Plan:

Section 4.4.1.2 says: "To minimize the potential for releasing soil with concentrations above the RG, the Type I decision error rate is set at (b) (5)" Soil should be building.

Fix formatting for Section 4.4.3.2

V/r,
Danielle Janda
