Hi Paul and Gary. Thanks for keeping me in the loop. We (permitting) won't be participating in the meeting, but I will touch base with you regarding the outcome.

Thanks,
Melissa

Hi Gary-
I hope you are well. For tomorrow's call, I will be on it for at least the first two hours and I will follow up with you and Eric Pastor for the outcome of the remaining portion. EPA's permitting folks may also wish to join in. Do you have a conference line we can all use?
Thanks.
-Paul

Subject: Draft APAR Data Gap comments

Here are my comments. I am meeting with Exide and the City of Frisco tomorrow at 10am, Room 200-5 to begin discussions of the APAR process. I would appreciate any comments you may have in this regard. Thanks
