---

Andy,

Please review and come by and give me a run down of what this says.

Mike Jay
Chief of Atmospheric Programs Section
Air Planning and Development Branch

> Attached please find supplemental comments submitted on behalf of the Sierra Club regarding Missouri's 2015 Monitoring Network Plan. These comments are based on new information that was not available at the time Sierra Club submitted its previous comments on the plan on July 20. Please let us know if you have any questions.
