Good afternoon,

Attached, please find a cover letter and Air Title V Proposed Facility Permit for the Norlite, LLC. facility located in the City of Cohoes, Albany County. The Department received comments on the draft permit during the 30-day public notice period, and therefore a Responsiveness Summary is also attached. The Proposed Permit provides revisions made to the draft permit. NYSDEC ID# 4-0103-00016/00048

The Department will not issue the Final Permit if EPA objects to its issuance within 45-days of receipt of the Proposed Permit and all necessary supporting information, however if the review period can be expedited in any manner it would assist in the facility keeping the project timeline. Comments may be sent to my attention on or before the review period end date.

A hard copy of the attached documents will not be mailed unless expressly requested.
Thank you,

Kate Kornak
