Mr. David S. Mann
Gendler & Mann, LLP
615 Second Ave, Suite 560
Seattle, WA 98104

Dear Mr. Mann:

This letter responds to your Freedom of Information Act (FOIA) request of October 27, 2014 received and processed by Navy Region Northwest and forwarded to U.S. Fleet Forces (USFF) FOIA Office for additional processing. Your request was received by USFF on November 17, 2014.

Your FOIA request seeks the following:

1. "All documents that relate to or establish a minimum or maximum altitude for conducting Field Carrier Landing Practice operations by EA-18G aircraft."

2. "All documents identifying by day, week, month or year the number of arrivals, departures, and FCLP operations conducted at OLF Coupeville between January 2000 and December."

3. "All documents identifying whether in preparing the October 12, 2012, Report: "Aircraft Noise Study for Naval Air Station Whidbey Island and Outlying Landing Field Coupeville, Washington" Wyle Aviation Services made three distinct calculations for approach, takeoff, and downwind legs when calculating the DNL contours for the OLF or did it use one average, and if so, was the average simple unweighted average or was it weighted based on distance of approach, takeoff, and downwind legs of some other weighting mechanism."

Navy Region Northwest indicated in their referral letter that they are responding to items 1 and 2 of your request, leaving item 3 for USFF to process.

Ser N01P(2015-06-001359)/029
December 2, 2014

Your request was processed under applicable provisions of the FOIA statute, as amended, and the implementing Navy Department directive (SECNAVINST 5720.42F). After reviewing previous FOIA requests submitted by you and their responses, I have determined that all responsive documents were provided to you on April 3, 2013.

There are no assessable fees associated with the processing of this request.

I am the person responsible for this determination. Please contact Ms. Linda Alvers at (757) 836-3630 or at linda.alvers@navy.mil if you require further assistance.

Sincerely,

LAWRENCE D. HILL
