RE: Worcester Public Schools – Freedom of Information Act request

To whom it may concern:

I am writing on behalf of the Education Association of Worcester (EAW), the union representing employees of the Worcester Public Schools. Starting in 2011, representatives of the EPA Region 1 Office were involved in overseeing PCB-related activities by the Worcester Public Schools. Through my office, the EAW has prior FOIA requests, in 2011 and 2012. The EPA responded promptly to my requests. By this letter, I am requesting an update of all documents in the EPA's possession concerning PCBs in the Worcester Public Schools, from September 11, 2012 (the date of the most recent documents I received in response to my prior FOIA requests) to the present.

For the purposes of this request, the term "documents" means all recorded information of whatever kind and in whatever form, whether written or electronic, formal or informal, independent of the purpose for which the recording was made, which are in or came into the possession of the EPA, its agents or representatives, regardless by whom or for whom the materials were recorded. The term "documents" includes, without limitation, all papers, studies, reports, memoranda, contracts, letters, correspondence, communications, notes, telephone logs, maps, books, tapes, photographs, films, sound recordings, magnetic or other tapes, electronic data processing records, e-mails, computer stored data or other material regardless of physical form or characteristics.

Thank you for your attention to this request. Please feel free to contact me at the phone number listed on the letterhead, or at sgibson@sgibsonlaw.com.

Sincerely,

Sarah Gibson
