Significant Incidents:

NRC# 1070627 – Ohio River MCHM Spill, Kanawha County, West Virginia/Ashland, Boyd County, Kentucky

OSC Art Smith is mobilizing to Cincinnati, Ohio to ensure the response to the Ohio River MCHM Spill. MCHM has been detected down river near Ashland, Kentucky and EPA Region 4 and KYDEP are concerned about further impact downstream. OSC Smith plans to integrate with ORSANCO and facilitate data sharing and transfer with EPA and KYDEP as well as review data quality and response adequacy. OSC Smith will also activate ERT personnel to assist with data and method reviews and potential future supplemental sampling. – OSC Smith – 502-905-7559

Updates:

NRC 1070440 – Moon-Hines Flowline Oil Discharge, Eucutta Field, Eucatta, MS.

OSC Francendese, MSDEQ, USCG-GST, START and RP Contractors continue activities on-scene. Over 100 response personnel continue oil recovery in the wetlands area. While torrential rains have hampered activities, oily water and oiled debris recovery activities continue. EPA and MSDEQ are directing the response to the discharge. Leo Francendese 404-606-2223.
