Subject: Sen Rockefeller letter to Dr Frieden--petition on Freedom Industries, Elk river site

Sen. John D. Rockefeller IV (D-WV) has written Dr. Frieden to petition ATSDR to assess the public health effects resulting from exposure to the MCHM spill at the Freedom Industries storage tank site on the Elk River near Charleston, West Virginia. MCHM is 4-methylcyclohexane methanol, which is used to wash coal.

I have been in touch with Ahaviah Diane Glaser and Megan Sussman on his staff regarding ATSDR, its authorities, and petitions.

Richard C. Weston, Dr.P.H.
