Subject: Benzene Waste Operations NESHAPS
Quarterly Report: April 1, 2014 – June 30, 2014
EPA ID No. PAR 000015768

Dear Mr. Rebarchak:

Monroe Energy, LLC, Trainer Refinery, submits this letter to fulfill the quarterly reporting requirements pursuant to 40 CFR Part 61, Subpart FF, §61.357(d).

During this reporting period, the Crude Oil Desalter Brine Treatment Unit (BTU) was monitored as required by 40 CFR §61.354(a)(1). Monthly samples were collected in April, May and June. Measured benzene concentration in the BTU effluent remained less than 10 ppmw during the report period.

In additional to, all other required inspections were performed per the aforementioned standard.

Based on the information and belief formed after reasonable inquiry, I certify that the statements and information contained in this report are true, accurate, and complete.

If you have any questions about this report, please call Stephani Szymanski, LDAR & BWON Lead, at (610) 364-8073 or Matt Torell, Environmental Lead, at (610) 364-8399.

Sincerely,

Jeffrey K. Warmann
CEO and President
