Dear (b)(6)

Please be assured of my continuing concern during (b)(6) imprisonment in North Vietnam. As you know, propaganda broadcasts, a photograph and alleged statements of (b)(6) have been released by Hanoi, but the North Vietnamese Government refuses to make an official report of his capture through the International Committee of the Red Cross. However, all of the personnel whom we can be reasonably sure have been captured, as (b)(6) are carried in that status by this Bureau for record purposes, in spite of the lack of official information.

As provided by the Missing Persons Act, amended, (b)(6) pay and allowances will continue as long as he remains in a captured status. Should a change in his status occur or additional information be received concerning him, you will of course be notified.

Please do not hesitate to call me by [illegible] if I can be of any assistance to you. I join you in the hope for (b)(6) early return from his captors.

Ref: (a) Public Law 93-294

1. The Aviation Career Incentive Pay (ACIP) system enacted by reference (a) established the requirements for continuous aviation pay. The entitlement is based on operational flying completed at the 18th anniversary (18 year gate) of your Aviation Service Entry Date (ASED). To be entitled to continuous ACIP through 25 years of commissioned service you must have performed at least 132 months of operational flying (MOF) by your 18 year gate. If you have performed at least 108 MOF but less than 132 at your 18 year gate you are entitled to continuous ACIP through 22 years of commissioned service. If you have less than 108 MOF at your 18 year gate your entitlement to continuous ACIP ceases.

2. A review of your record indicates that on 20 October 1976 you passed your 18 year gate. At that time you had 205 MOF. This MOF total entitles you to continuous ACIP for 25 years of commissioned service. After 25 years of commissioned service you will no longer be entitled to ACIP regardless of your assigned billet.
