EPA Reg. No. or File Symbol 748-EOU

Date Division Received 3-23-92

Products Manager No. 32 (Ruth Douglas)

Product Name Zappit ES

Company Name PPG Industries, Inc.

100.0 Comments:

a. Submit revised Confidential Statement of Formula and in block 8 enter the pH. Since product is granular then enter pH of a solution 10% or other.

b. In compliance with PR Notice 91-2, the label claim for this product should be the nominal concentration which is 74% Calcium Hypochlorite. Therefore submit revised label and revise ingredient statement so that the label claim would reflect the nominal concentration, or revise Confidential Statement of Formula so that the nominal concentration would agree with the label claim.

c. Enclosed product chemistry data is in compliance with 40 CFR part 158.155 through 158.190, it includes 12 months storage and stability data and all product chemistry data is acceptable.
