EPA RELEASES FINAL SUPPLEMENTAL FEASIBILITY STUDY (SFS) REPORT ON THE WEST LAKE LANDFILL SUPERFUND SITE BRIDGETON, MISSOURI

The U.S. Environmental Protection Agency (EPA) has released the final SFS Report for the West Lake Landfill Superfund Site and placed it on our website for the public to view. EPA is not taking public comments on the SFS Report. EPA may propose a modification to the remedy selected in the 2008 Record of Decision (ROD) for the Site, based on the information provided in the SFS.

If EPA proposes any changes to the ROD, EPA will hold a public meeting to answer questions and take public comments on the proposed decision. A public announcement will be sent prior to that meeting. EPA will make a final decision at the close of the comment period. The link to the SFS Report is:

www.epa.gov/region7/cleanup/npl_files/west_lake_landfill

If you have questions about this Report or any other facet of the West Lake Landfill Superfund Site, please contact:

Debbie Kring, Office of Public Affairs
U.S. EPA, Kansas City, KS (1-800-223-0425)
