Jeff Holmstead, assistant administrator, Office of Air and Radiation, EPA (2001 –2005): "Bill is committed to the goals of the Clean Air Act and to the rule of law. He is also a person of the highest integrity. I am confident that, within the framework established by Congress, he will work to protect public health and the environment while at the same time pursuing regulatory reforms that will reduce unnecessary regulatory burdens. Truly, there is no better person to serve as the assistant administrator of EPA's Office of Air and Radiation."

Marcus Peacock, EPA deputy administrator (08/2005 – 01/2009): "Bill Wehrum's understanding of the Clean Air Act may be second to none. His desire to pull up his sleeves and actually make the Clean Air Act work as a practical matter is second to none."

Clint Woods, executive director, Association of Air Pollution Control Agencies: "Through his comprehensive knowledge of the law and experience in the federal government, Bill possesses the background to manage challenging Clean Air Act issues at U.S. EPA and help continue the tremendous air quality progress that has been achieved in our country over the last several decades. Under his leadership, the Office of Air and Radiation will be well-situated to pursue a back-to-basics agenda grounded in cooperative federalism."

Hi Mandy,

I just want to thank you again for participating in our *Insights into Environmental Law & Policy: A Conversation with Key Regulators* event on Thursday. We received great feedback from the participants and your contribution was greatly appreciated. Say hello to Bill for me!

Thanks – Sam

> Thank you so much for agreeing to Keynote A&WMA's Conference on Climate Change. The Conference is scheduled for Oct 10-11, 2017 in Arlington, VA and promises to be a great opportunity to exchange meaningful information on the current thinking relative to climate change and how we can mitigate any adverse effects and adapt to the potential consequences. The Association values EPA's thinking and is excited to provide the forum for discussion to our membership and other parties involved in the discussion.
>

Subject: Hearth Industry Meeting Thanks and Follow Up

Hi Mandy,

Thank you for taking the time to meet with us yesterday to discuss the NSPS for New Residential Wood Heaters, New Residential Hydronic Heaters and Forced-Air Furnaces. Attached you'll find the one-pager we provided you with during our meeting. It was great to hear that you're enjoying the new position and find the work to be rewarding.

Regarding your data request, if we send you that information in one month or in one month and a half, would that match your timeline?

Thanks again, and have a great weekend!

Rachel

Subject: Pellet Fuels/CAA section 111 rule

Mandy –

Just reaching out to see if you would be available for a short conversation concerning pending litigation on the wood heater/pellet fuel rule. This litigation is currently being held in abeyance at the D.C. Circuit based on the agreement of EPA and petitioners and without the objection of intervenors.

I represent the Pellet Fuels Institute (PFI); PFI separately challenged EPA's final standards for pellet fuel on the basis that they exceed the Agency's statutory authority under CAA section 111, are arbitrary and capricious and lack a sufficient administrative record. Since the current abeyance only extends until June, it would be helpful to discuss how we might be able to engage the Agency on this matter.

I am available by phone or in person to discuss this matter; whatever works on your end. I realize that your schedule is extremely busy, but believe that it will not take very long to lay out the very substantial issues that we believe are raised by the final rule.

Robert J. Meyers

Mandy:

Thank you so much for agreeing to Keynote A&WMA's Conference on Climate Change. The Conference is scheduled for Oct 10-11, 2017 in Arlington, VA and promises to be a great opportunity to exchange meaningful information on the current thinking relative to climate change and how we can mitigate any adverse effects and adapt to the potential consequences. The Association values EPA's thinking and is excited to provide the forum for discussion to our membership and other parties involved in the discussion.

Bill Wehrum said that you planned to check with Administrator Pruitt one last time to see if he was available to Keynote and it would be great if he wanted to speak. However, our intent at this time is to list you in the Program at the Keynoter and then to send out a special mailing/notice announcing Administrator Pruitt as the Keynoter should he decide to speak.

Cindy Fontanesi from A&WMA Headquarters in Pittsburgh will be in touch with you today to work out the details.

Again, thank you so much for agreeing to speak at our upcoming Conference.

Mandy,

Joe Stanko just let me know that he mentioned to you that one of my clients, GPA Midstream, has asked if we could set up a relatively short meeting to discuss greenhouse gas reporting requirements with you. Matt Hite, GPA's VP for Government Affairs has one of his members, Adrienne Sandoval from Andeavor, in town next week on Nov. 29th and 30th. I realize that is very short notice for someone with as busy a calendar as you. I thought, however, that since we'll be on a panel together at Hunton's Nov. 30th event, perhaps we could all meet a little before that. Of course, we can always set up a call or a different meeting date if you're fully committed.

Speaking of the Nov. 30th event, I'd be happy to coordinate with you on that if you'd like. In the meantime, I hope you have a great Thanksgiving.

Best,

Aaron

Subject: FW: Meeting Request

Dear Sydney:

I would like to request a meeting with the Administrator for Larry Ziemba, Executive Vice President, Refining, for Phillip 66. Larry has responsibility for the company's refining operations and serves in a leadership position with the American Fuels and Petrochemical Manufacturers Association. He has been working with other refiners and the Auto industry regarding the potential for higher octane fuels and other forward looking fuels issues. A brief bio is set forth below.

Larry is currently scheduled to be in D.C. on Friday June 2nd and Monday June 5th. If those days would not work with the Administrator's schedule, he is happy to work with other days that would be more convenient for Administrator Pruitt.

Lawrence (Larry) M. Ziemba is executive vice president, Refining, for Phillips 66, a diversified energy manufacturing and logistics company. He has 35 years of experience in the oil and gas industry. Before joining Phillips 66 in May 2012, Ziemba previously worked for ConocoPhillips as president, Global Refining, a role he took on after serving as president, U.S. Refining, since 2003. He first joined Phillips Petroleum in 2001 after its acquisition of Tosco and was in charge of handling the integration of the refining operations during the merger with Conoco. Originally from Chicago, he started his career at Unocal's Chicago refinery in 1977. In 1988, he moved to Unocal's Los Angeles corporate headquarters as manager of planning/business development for its downstream business. In 1991, he managed the acquisition of Shell's Carson refinery and subsequently integrated the asset into Los Angeles operations. In 1997, Ziemba joined Tosco as they acquired Unocal's downstream business. In 1999, he was named vice president of Tosco's three San Francisco area refineries. In 2000, he was assigned to handle the acquisition and takeover of the Wood River refinery. He has held a number of industry and community leadership positions including board positions with American Fuels and Petrochemical Manufacturers Association, WRB Refining LP and the Western States Petroleum Association. Ziemba earned a bachelor's degree in mechanical engineering from the University of Illinois-Champaign in 1977 and a Master of Business Administration degree from the University of Chicago in 1985.

Thank you for your consideration,

Joe Stanko

Good morning!

Arrival instructions are below. Would you please let me know a final list of attendees as well? I will forward your note to Byron's office about getting a meeting set up.

Thanks!

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12th street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

BOYS & GIRLS CLUBS
OF GREATER WASHINGTON

VIA E-MAIL

TO:	The Honorable Scott Pruitt Administrator United States Environmental Protection Agency
FROM:	Jim Almond Chief Executive Officer and President Boys & Girls Clubs of Greater Washington
DATE:	May 3, 2017
SUBJECT:	Fundraiser at the Washington Nationals Ballpark

The Boys & Girls Clubs of Greater Washington ("BGCGW") recently hired a new Chief Executive Officer, and the Board of Directors is making an effort to establish closer relationships between the CEO, the Board, and appointed officials in the Trump administration. We would be honored to have you attend this charitable fundraising event as an honored guest of the BGCGW. If you can participate, you will help place the more than 15,000 DC youth that we serve each year on a path to a great future.

The mission of the BGCGW is to help boys and girls of all backgrounds, especially those who need us most, build confidence, develop character, and acquire the skills needed to become productive, civic-minded, responsible adults. Every day, nearly 450,000 kids in the Greater Washington area leave school with nowhere to go. They risk being unsupervised, unguided, and unsafe. Our Clubs provide a safe and productive place for children to learn and grow. In 2016, 98% of our kids graduated high school. Our alumni are more likely to go to college, to become actively involved in their community, and to support the Clubs that nurtured them.

Our clubs save lives, and our team can only help our communities by serving more youth. Consequently, the Metropolitan Board of Directors has an aggressive goal of increasing the number of kids we serve in the Metropolitan area to 18,000 youth by 2020.

To support our programming, BGCGW plans to host a fundraiser on May 24, 2017 in a suite at Nationals Park featuring local and national business leaders, our club kids, and members of the Executive Committee of our Board of Directors. The suite and all food and beverages have been donated to BGCGW by BakerHostetler, a law firm with offices in Washington, D.C. that has supported BGCGW for over 20 years.

From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the South Lobby of the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Subject: Meeting April 26th

Good morning Sydney,

Is there any particular instructions I should provide to the attendees for the GM meeting

next week on April 26th at 10 am.

On another note, Michael O'Bannon asked me to set up a meeting with Byron Brown, Deputy Chief of Staff for Policy. He would like to invite him to speak at a Policy Seminar, sponsored by OPM. I believe the seminar will be held in the beginning of July with approximately 33 students. Michael would like Mr. Brown's presentation to be on Policy Development in the Federal Government. All this to ask, if you could provide a contact number for the person I should speak with to set up the meeting.

Thank you,

Diane

Good morning Sydney,

I just received an email from GM that Ms. Barra's scheduled has changed for April 26th. Is there any flexibility on the Administrator's schedule to move the meeting to 9 am from the current 10 am time slot?

I sincerely apologize for any inconvenience.

Thank you in advance for checking on this.

Hi Sydney,

Yes, please. We were originally trying to coordinate a meeting with the Administrator and the Secretary of Energy on the same date to maximize travel from Michigan. The Secretary's scheduler indicated, yesterday, the week of April 24th might be a possibility. If the Administrator has any availability the week of the 24th, we would attempt to make everyone's schedule work. If this is not possible, please let me know other dates after April 11th.

Thank you for your assistance.

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet. The meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

Subject: Meeting Request for General Motors to include the CEO
To: Stanley Gerdes <stan.gerdes@hq.doe.gov>, Aaron Dickerson <dickerson.aaron@epa.gov>

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet. The meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can

get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

Regards,

Diane

EPA Administrator Scott Pruitt.pdf

Good morning Sydney:

Please find the attached invitation request letter from the Biotechnology Innovation Organization (BIO), which will have a number of CEOs of member companies in DC next week. This group would very much like to meet with Administrator Pruitt on April 4th if he has any availability that afternoon. Please feel free to contact me if you have any questions or would like to discuss further. Many thanks for your consideration.

Best regards,

Mike Ferguson

Hi Sydney,

Yes, please. We were originally trying to coordinate a meeting with the Administrator and the Secretary of Energy on the same date to maximize travel from Michigan. The Secretary's scheduler indicated, yesterday, the week of April 24th might be a possibility. If the Administrator has any availability the week of the 24th, we would attempt to make everyone's schedule work. If this is not possible, please let me know other dates after April 11th.

Thank you for your assistance.

Subject: Re: Meeting Request for General Motors to include the CEO

Hi Sydney,

I just received ad email from GM's Vice President, the CEO is available on April 26th and would like to schedule 10:00 a.m. for the meeting with the Administrator. Can we please confirm this date and time? If so, please tell me what information your require, full name, date of birth, etc.

Thank you,

Diane

Thank you.

We could be fairly flexible the mornings of April 26-28 if that is helpful for scheduling with The Secretary. Might be easier than a specific time.

Thank you,

Sydney

Hi Sydney,

Yes, please. We were originally trying to coordinate a meeting with the Administrator and the Secretary of Energy on the same date to maximize travel from Michigan. The Secretary's scheduler indicated, yesterday, the week of April 24th might be a possibility. If the Administrator has any availability the week of the 24th, we would attempt to make everyone's schedule work. If this is not possible, please let me know other dates after April 11th.

Thank you for your assistance.

Regards,

Diane

Good morning!

Happy to look at some more dates. Would we want them to be after April 11?

Thank you,

Sydney

Good Morning Sydney,

Since we are not able to meet on the 11th, which I understand, is it possible to provide some potential dates in April that the Administrator may be able to meet with Ms. Barra, Mr. Glidden, Mr. Turton and Mr. O'Bannon? This would allow us to compare schedules so Ms. Barra and Mr. Glidden could make the trip to DC for a meeting.

Thank you in advance for your assistance.

Regards,

Diane

Hi Diane,

Thank you for the information! While Administrator Pruitt would like the opportunity to meet with Ms. Barra again, we will very likely be traveling on the 11th. I'm not 100% sure that we will be out of state but that is the way things are looking now. Should we look to a future date?

Thank you!

Sydney Hupp

Hi Sydney,

It was a pleasure speaking with you today. Here is the meeting request that was sent on Friday. As I mentioned, the Secretary of Energy will be traveling out of the country and thus cannot make this meeting.

Regards,

Diane

I know we have been working on a meeting request for March 31st but there has been a change in the request.

The Chairwoman & CEO of General Motors, Mary Barra, is going to be in Washington on April 11th along with Craig Glidden and Dan Turton. Because she is going to meet with the President that morning, she would like to join in a meeting with Secretary Perry and Administrator Pruitt along with Mike O'Bannon.

It is important that we lock down a time in the afternoon when they can all meet. The meeting does not have to be separate and therefore the meeting can be at DOE or EPA and coordinated as such. I would appreciate it if you would work with whoever is appropriate so we can get back to the Chairwoman & CEO and let her know that the meeting is scheduled and locked down.

I thank you in advance for your assistance.

Regards,

Diane
