San Francisco, California 94105

Dear Mr. Stoker:

The California Air Resources Board (CARB) is submitting to the U.S. Environmental Protection Agency (U.S. EPA) a revision to the California State Implementation Plan (SIP) from the Calaveras County Air Pollution Control District (District). The revision consists of Rule 428, *NSR Requirements for New and Modified Major Sources in Nonattainment Areas,* adopted by the District on March 12, 2019.

Enclosed is CARB Executive Order S-19-003 adopting the District Rule 428 as a revision to the SIP. The SIP revision, consisting of the adopted District rule, is listed in Enclosure A to the Executive Order. To meet U.S. EPA's criteria for determining that rule submittals are administratively and technically complete, we have enclosed an evaluation of the effects of the rule on emissions, an evaluation of the rule's consistency with 40 CFR 51, and other supporting documentation provided to us by the District.

If you have any questions, please contact Mr. Kurt Karperos, Deputy Executive Officer, at (916) 322-2739, or have your staff contact Dr. Michael Benjamin, Chief, Air Quality Planning and Science Division, at (916) 201-8968.

Sincerely,

Richard W. Corey
Executive Officer
