SCCWRP_August18_2010.ppt

Hi Cindy,

My pleasure to help. Thanks again for spending your time with us to see the presentation and then coming to the watershed committee meeting. Everyone really expressed their appreciation of your attending.

Here is John's info: jaizbick@usgs.gov (619) 225-6131

I have attached a December presentation that John did for the watershed monitoring TAC and SCCWRP, and the one you saw (they may be mostly the same). The one you saw is the one titled SCCWRP_August 18_2010 (he also presented at SCCWRP). Here is a link to studies on our website that also has some of John's initial reports and letters of findings. http://www.ci.malibu.ca.us/index.cfm/fuseaction/DetailGroup/navid/493/cid/15747/ . The first link is a useful index of the studies posted.

Let me know if I can help in any other way.

Best wishes,

-Jennifer

Hi Jennifer,

I wonder if you can give me John Izbicki's contact info and also if I can get a copy of his powerpoint presentation. I'd like to share with others who would be interested in SF. Thanks.

Cindy

meeting

Hi Cindy,

This is a follow-up to the voicemail I left you last week.

I am confirming that we have arranged for you a presentation by USGS on their water quality studies at the Malibu Lagoon and adjacent beaches tomorrow 3/1 at 11:30 at Malibu City Hall 23815 Stuart Ranch Road, Malibu 90265. The presentation will be in the City Council Chambers and is a good information and data sharing opportunity as USGS employed various high tech methods. Lunch will be provided. Please let me know if you have any special food restrictions.

Also confirming that you will attend the Malibu Creek Watershed Management Committee meeting (also 3/1) at 1:30 to provide an update on your work toward writing the Malibu Creek and Lagoon TMDLs. This meeting is held at the Westlake Village City Hall at 31200 Oak Crest Drive, Westlake Village 91361 (you can follow-me there). The agenda is attached for your information. I requested that you be put at the start of the meeting so that you need not stay unless you want to.

Please let me know if you have any questions.

Kind regards,

Jennifer Voccola
