Folks-

sorry I was out of town for a few days. You can contact either of us as we will coordinate.

Maybe it would be easiest to schedule a quick call with both of us ?

Hi Daniel,

EPA would like to get a 60-day extension of time to complete action on the Malibu Creek/Lagoon TMDL. We have received a number a substantive comments on the draft, and have been contacted by a commenter who intends to file a motion to intervene in the consent decree. We would incorporate such an extension into the stipulation that you drafted for Ventura River.

Are you the proper contact for this request, or should I contact Steve Fleischli at NRDC?

Thanks,
Brett
