Memo_Louisa SO2 DRR.DOCX

Lance,

I have attached the updated DRR modeling for Louisa per our discussion. As you are aware, there are seven operating scenarios for MPW in the Muscatine NAA analysis, so we included all of those in this analysis as well. The attached summary includes the results for all of them, but I only attached the modeling files for the ALL scenario. If you need the other scenarios as well let me know and I can send them to you in separate emails.

- Brad
