TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
NOTICE OF A PROPOSED RENEWAL WITH AMENDMENT OF A GENERAL PERMIT AUTHORIZING THE DISCHARGE OF WASTEWATER

The Texas Commission on Environmental Quality (TCEQ or commission) is proposing to renew and amend Texas Pollutant Discharge Elimination System General Permit TXG340000. This general permit authorizes discharges of facility wastewater, contact stormwater, and stormwater associated with industrial activities into or adjacent to water in the state from petroleum bulk stations and terminals. The proposed general permit applies to the entire state of Texas. General permits are authorized by Texas Water Code, §26.040.

PROPOSED GENERAL PERMIT. The executive director has prepared a draft general permit renewal with amendments of an existing general permit that authorizes discharges of facility wastewater, contact stormwater, and stormwater associated with industrial activities into or adjacent to water in the state from petroleum bulk stations and terminals. No significant degradation of high quality waters is expected and existing uses will be maintained and protected. The executive director proposes to require dischargers to submit a Notice of Intent to obtain authorization to discharge.

The executive director has reviewed this action for consistency with the goals and policies of the Texas Coastal Management Program (CMP) according to Coastal Coordination Advisory Committee regulations and has determined that the action is consistent with applicable CMP goals and policies.

A copy of the proposed general permit and fact sheet are available for viewing and copying at the TCEQ Office of the Chief Clerk located at the TCEQ's Austin office, at 12100 Park 35 Circle, Building F. These documents are also available at the TCEQ's 16 regional offices and on the TCEQ website at **http://www.tceq.texas.gov/permitting/wastewater/general/index.html.**

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this proposed general permit. The purpose of a public meeting is to provide the opportunity to submit written or oral comment or to ask questions about the proposed general permit. Generally, the TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the proposed general permit or if requested by a local legislator. A public meeting is not a contested case hearing.

Written public comments must be received by the Office of the Chief Clerk, MC 105, TCEQ, PO Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.texas.gov/about/comments.html within 30 days from the date this notice is published.

APPROVAL PROCESS. After the comment period, the executive director will consider all the public comments and prepare a written response. The response will be filed with the TCEQ Office of the Chief Clerk at least 10 days before the scheduled commission meeting when the commission will consider approval of the general permit. The commission will consider all public comment in making its decision and will either adopt the executive director's response or prepare its own response. The commission will issue its written response on the general permit at the same time the commission issues or denies the general permit. A copy of any issued general permit and response to comments will be made available to the public for inspection at the agency's Austin office and regional offices. A notice of the commissioners' action on the proposed general permit and a copy of its response to comments will be mailed to each person who made a comment. Also, a notice of the commission's action on the proposed general permit and the text of its response to comments will be published in the Texas Register.

MAILING LISTS. In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices mailed by the Office of the Chief Clerk. You may request to be added to: 1) the mailing list for this specific general permit; 2) the permanent mailing list for a specific county; or 3) both. Clearly specify the mailing lists to which you wish to be added and send your request to the TCEQ Office of the Chief Clerk at the address previously mentioned. Unless you otherwise specify, you will be included only on the mailing list for this specific general permit.

INFORMATION. If you need more information about this general permit or the permitting process, please call the TCEQ Public Education Program, toll free, at 1-800-687-4040. General information about the TCEQ can be found at our website at: http://www.tceq.texas.gov.

District Court, Harris County: State of Texas: Cause No. 2016-85615

Bank of America, N.A., Plaintiff vs. Citizens Bank National Assoc. f/k/a St. Paul Federal Bank for Savings AND St. Asset Management Company

This lawsuit was filed due to a missing assignment of a mortgage with respect to property located at 2018 Stoney River Drive, Spring, Texas. Defendant St. Paul Asset Management Company was assignee of a Deed of Trust dated July 15, 1994 and recorded July 22, 1994 as instrument number P372219 in the property records of Harris County, Texas. The Note and Deed of Trust were further assigned to Bank of America, N.A., however, the assignment was not recorded in the Harris county records. Bank of America, N.A. acknowledges that the Note has been paid in full. However, due to the missing assignment, they cannot properly discharge the Deed of Trust. The homeowners are entitled to have the Deed of Trust released and will be unfairly burdened with a cloud on title unless the Court intercedes and permits Bank of America, N.A. to issue a discharge of the Deed of Trust.

Notice hereof shall be given by publishing this Citation once a week for four consecutive weeks previous to the **May 29th 2017**, in some newspaper published in the County of Harris, if there be a newspaper published therein, but if not, then the nearest county where a newspaper is published, and this Citation shall be returned on the **29th day of May, 2017**, which is forty two days after the date it is issued, and the first publication shall be at least twenty-eight days before said return day.

HEREIN FAIL NOT, but have before said court on said return day this Writ with your return thereon, showing how you have executed same.
