Re: Request for Information [Section 104(e)]
IWI, Inc. Site, Summit Illinois

Dear Ms. Bensing:

Enclosed please find Rapidforms' supplemental response to EPA's request for information with respect to the above site.

Certain paragraphs of the request seek corporate and financial information from Rapidforms, including its audited financial statements. These documents and information have not been provided in this response because Rapidform's parent company prepares consolidated financial reports for the entire company and its subsidiaries, including Rapidforms. Therefore, the information requested with respect to Rapidforms either does not exist or is not readily available. Rapidforms is not refusing to produce information, but believes EPA is interested in this corporate and financial information only if Rapidforms is a responsible party at the Site. After review of this response, Rapidforms is confident EPA will not consider it a responsible party and therefore will not need the information. If after its review, EPA still wants the corporate and financial information, please contact me.

Please contact me if you have any questions regarding the above or the enclosed.

Very truly yours,

Kevin J. O'Connor

RESPONSE TO REQUEST FOR INFORMATION
OF RAPIDFORMS, INC.
(IWI, Inc. Superfund Site, Summit IL)

1. This response was prepared with the advice and assistance of counsel. The following persons were consulted in the preparation of this Response:

   Tim Morton (Corporate Compliance Manager)
   NEBS - 500 Main Street - Groton, Ma. 01471

   Robert Boyer (Facilities Manager)
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Scott Carroll (Facility Electrician)
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Michael Boudreau (Director, Sales & Service)
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Edwin Lacorte
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Patricia O'Malley
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Janice Kasprzak
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Gary Graeff
   Rapid Forms, Inc – 301 Grove Rd – Thorofare, NJ 08086-9499

   Mary Erhmann
   McBee Systems, Inc. (an affiliate of Rapid Forms and NEBS)

2. Rapidforms consulted all available and relevant business record to determine if it ever had any business relationship with IWI, Inc. and, except as set forth below, was unable to identify any such relationship. In particular, Rapidforms reviewed its hazardous waste manifests to see if it ever sent any regulated waste materials to IWI. Rapidforms found no evidence or indication of its materials being sent to IWI for any purpose. Copies of these manifests from 1998 to the present are attached to this response as Exhibit A. Similarly, RapidForms was unable to locate any persons with knowledge that, or records indicating that, Rapidforms sent any "totes" or other waste containers to IWI or any related entities for refurbishment, cleaning or any other purpose. I.W.I. Industries, Inc., of 7738 61st Street Place, Summit IL, was a business forms customer of Rapid Forms in

1999, and perhaps at other times. It bought business forms from Rapid Forms. It is identified at Rapid Forms by Customer Nos. 123621 and 744685.

3. Rapidforms does not believe any other person may be able to prepare a more detailed or complete response to EPA's questions or additional responsive information or documents. However, if the time period relevant to EPA's request includes time periods before 1985, EPA may wish to contact any successors to a different corporation that operated as "Rapidforms" prior to that time. In or about January, 1985, the old Rapidforms business was merged into Cities Stores Company, a predecessor corporation of CSS Industries, Inc., with Cities Stores as the surviving corporation. At about that time, the current Rapidforms was incorporated and Cities Stores transferred to it some, but not all, of the old Rapidforms' assets. Rapidforms does not know what if any information or documents were retained by Cities Stores.

4. Rapidforms is a Small Quantity Generator of hazardous waste with an EPA permit number NJD982737777.

5. Rapidforms is not aware of any connection between it or its employees, contractors or agents and the Site, except for the customer relationship identified in Response No. 2. It is not aware of any act or omission by these persons that may have cause a release or threat of release or resulting damages at IWI.

6. Rapidforms reads this question as referring to the generation, transportation, treatment, disposal, transport or other handling or hazardous substances at or to the IWI site. Rapidforms is not aware of any person with responsive knowledge.

7. Rapidforms is a small quantity generator of hazardous waste. The nature of the hazardous wastes it generates and disposes of is stated in the hazardous waste manifests attached to this response

8. Rapidforms does not file tax returns as a separate entity. Its income is reported to IRS as part of consolidated returns filed by NEBS. If EPA wants further information, Rapidforms will consider the request with NEBS.

9. As set forth above, separate financial reports for Rapidforms are not readily available. If EPA determines that the requested corporate and financial information is required, Rapidforms will supplement this response.

10. Rapidforms is not a partnership.

11. Rapidforms is not a trust.

12. Rapidforms has no information responsive to paragraph 12(a) through 12(o) of EPA's request for information. It has no documents responsive to paragraph 12(p) and no knowledge of any persons responsive to paragraph 12(q).

The following form of declaration must accompany all information submitted by Respondent in Response to the Information Request:

DECLARATION

I declare under the penalty of perjury that I am authorized to respond on behalf of Rapidforms, Inc and that the Response foregoing is complete, true and correct to the best of my knowledge, information and belief.

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; **OR**, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
