Dear Mr. Pheeny:

Pursuant to Paragraph B.5 (d) of the subject contract, EA Engineering, Science, and Technology, Inc. (EA) is providing notification to the U.S. Environmental Protection Agency (EPA) on our approaching 75 percent of the expenditure limit for Task Order 0088-RICO-06MC.

As of 03 October 2014, EA has expended $587,729 (69.1 percent) of its authorized expenditure limit ($850,000). EA estimates that it will reach 75 percent of the current expenditure limit within the next 30 days. Since this Task Order is not fully funded, additional incremental funding will be required to complete the Task Order scope of work. The period-of-performance for this Task Order extends through 28 May 2015.
