Hi Jared,

Have you had a chance to read the text I sent on the drought imagery? I know you are super busy and I really appreciate your help with this.
Let me know what I should do next. I think is quite timely, but would be better if it could go out before the 10th when the next USDA numbers come out.

Love,
Inbal

The slides are amazing! I would suggest writing a 600-700 word article to go along with the graphics. This is so topical right now! You should do everything you can to take advantage of the moment. Jared
