Dear Mary and Ericka,

This email and attachments are intended both to supplement the record in Administrative Complaint 11R-14-R4 filed on behalf of North Carolina Environmental Justice Network (NCEJN), Rural Empowerment Association for Community Help (REACH) and Waterkeeper Alliance against the North Carolina Department of Environment and Natural Resources, now the Department of Environmental Quality (DEQ) and, also, to follow up on the interview conducted by the Office of Civil Rights (OCR) on May 11, 2016 with Personal Matters / Ex. 6 In addition, I'm pleased to let you know tha Personal Matters / Ex. 6 Personal Matters / Ex. 6 would be willing to schedule an interview with OCR. In order to avoid any confusion about materials previously submitted by complainants related to Personal Matters / Ex. 6 we are attaching Personal Matters / Ex. 6 and Exhibits 2, 50, 52 and 53 to the complaint, each of which were authored or co-authored by Personal Matters / Ex. 6

With the goal of moving forward in a timely way, I have touched base with Personal Matters / Ex. 6 on his availability and am hoping that one of the following times might be convenient for you:

Wednesday, June 15, any time between 9 and noon
Thursday, June 16, from 3-5

In follow up to Personal Matters / Ex. 6 interview and to supplement the record, attached please find the final published version of Guidry, et al., "Hydrogen Sulfide Concentrations at Three Middle Schools Near Industrial Livestock Facilities," published in the Journal of Exposure Science and Environmental Epidemiology (2016), as well as a paper discussed by Personal Matters / Ex. 6 during the interview, Johnston, et al., "Wastewater Disposal Wells, Fracking, and Environmental Injustice in Southern Texas, published in the American Journal of Public Health (2016) (analyzing racial composition of residents living less than 5 kilometers from disposal wells using a similar approach to the disparities analysis conducted by Drs. Wing and Johnston and submitted by complainants in this case).

We will send additional material in follow up to the interview by separate cover. In addition, we understand that you had hoped to send Dr. Johnston a list of paragraphs in the complaint that she might review to determine whether the characterizations in the complaint are consistent with the findings of the disparities analyses. We await this follow up as well.

Please let me know if this email raises any question. I look forward to hearing back from you regarding a date and time for an interview wit Personal Matters / Ex. 6 We can then also discuss the timing for any additional follow up interview with Personal Matters / Ex. 6 Personal Matters / Ex. 6

Thanks again,

Marianne
