Hi Heidi
Yes, the City will be attending and we are working on getting you materials for review in the very near future.
Have a very Happy and Healthy New Year.
BTW – is there an alternate date – this is winter in NY and weather could always be a factor.
Regards,
Myralee

Happy New Year!

The State is waiting on EPA's comments. I believe that they should be available at the beginning of the new year.

With regards to the meeting on the 28th, we are waiting on confirmation that the City will be able to attend the meeting.

Again, Happy New Year!

Heidi

I've written this email to wish you a happy holiday season. Hoping that you are enjoying the good weather and end of year activities.

I also want to let you know that we are all trying to have the results of the SPLP/TCLP tests at least a week prior to our next meeting, which I'm hearing may be on January 28th. If it is possible to return comments on the work plan to collect those samples early next week we should be able to obtain lab results in time for all to review thoroughly.

Again, please have a happy and safe new year.

Ellis
