Thanks Alan. Yes, CZARA decision is a significant factor for us not being able to meet the 50/50 split and it should be added to the letter.

Hi Ivan,

I've looked at the waiver request and am puzzled why the "impact to the State's 319 fund because of the CZARA decision" wasn't included in the letter. The loss of those funds certainly created a challenging situation to meet the 50/50 condition. Let's talk so I can better understand DEQ's thinking in the proposed letter. I am in today and most of next week.

Hi Ivan.

I just want to check in with you regarding the action schedule below. Do you have an idea when you will be submitting the annual report? Also, should we be setting up some time to further discuss the waiver request? I know EPA HQ wants to weigh in on all waiver requests but I need to better define how this happens. Lastly, are you still thinking that your application will be submitted in early August?

Hope all things are going well. Feel free to give me a call if you would like to discuss these items.

Alan

Subject: Your call

Greeting Alan, hope you are doing well.

My manager Gene, is not available this week, but I would like to recommend the following. When he is back I assume he will confirm or not the recommendations.

1. We are working on the 2015 Annual Report, we had estimated to have a draft out to you by the end of May, **Ex. 6 - Personal Privacy** I expect to have a draft ready for you by June 15th. My apologies.

2. We are progressing to have an RFP out and expect to have applicants' work-plans by the end of July. We expect to apply for the 2016 319 funds in early August. The allocation will include the recommended activities for 2016, received as a result of our RFP.

3. The mentioned date of Oct 1st, 2016 as the date to receive the award would work well with our program.

4. Any comments from Adam, Gene?
