Hi Sara,

Here are the action items for the sessions I was involved in (note that I already sent the Lahaina items below to Tom Arizumi and Alec)

Ground Water Program Discussion:

1. DOH SDWB will provide an updated plan/list of projects and their status for drawing down the available $890K GW 106 funds. (Dan Chang provided update via email on 12/14/09)

2. DOH SDWB will provide an updated list of source water protection/wellhead projects that DOH is funding with the DWSRF WHPP set-aside funds. (Dan Chang provided update via email on 12/14/09)

UIC Program:

1. EPA and DOH SDWB will explore the possibility of using some EPA UIC funds to assist DOH with neighbor island witnessing of LCC well abandonment. This effort would support DOH's efforts and is also critical to EPA's implementation of the LCC ban. Chauncey will draft a description of the position/work and share it with EPA.

Large Capacity Cesspools:

1. EPA agreed to request property owners/operators who seek small capacity cesspool certification to fill out a DOH cesspool card if one is not on file with DOH and include it as part of the required documentation for certification. EPA will send a draft 'self certification w/ DOH cesspool card request' template letter to DOH for review and concurrence by December 31, 2009.

Lahaina WWRF Discussion:

1. EPA will provide DOH with a draft of the CWA section 308 letter to Maui County; DOH will provide any input on monitoring/data collection that they deem would be helpful for evaluating the potential impact of the injection wells at Lahaina on the coastal waters.

2. Tom A committed to consulting with DOH counsel on the State's perspective regarding the scope of CWA section 401 authority as it pertains to Lahaina's injection wells, and on DOH's options for addressing a 401 certification application from Maui County for their Lahaina WWRF.

David

Subject: Action items from meetings with HDOH

Please send me your action items from our meetings last week with DOH. Please send them to me by noon on Tuesday, 12/15, so I can place the final collection of action items in the Aloha Workgroup folder on the G: share drive (at G:\MISC\Aloha Workgroup\09 EOY meeting) by the end of the day on Tuesday. We'll share the final list of action items with DOH later this week. Thanks.
