032345-00001	1	Region 9: On July 20, 2019, at approximately 6:30am, a 33 year old male and his coworkers arrived at a field in King City to lay/bury drip irrigation for romaine lettuce. They were immediately approached by a King City Air division employee, who informed them to relocate, because a helicopter application of the above pesticides was going to begin in 10 minutes, adjacent to where they were about to work. The workers moved to the ranch yard while the pesticide application was made. Approximately 30 minutes later, after the application was completed, their foreman called them to return back to the romaine lettuce block to start the drip irrigation work.
