Shawn, et al,

Please see the note from WVFHWA regarding the KCH Draft EA and their plans with moving forward.

Subject:	King Coal Highway

As you may be aware there was a recent meeting in Washington (10/26) with EPA, COE, FHWA and CEQ on the King Coal, Buffalo Mountain project. In response to discussions at that meeting we plan to sign the Draft EA on 10/21/2011. The document will be made available to the agencies and public and WVDOH intends to host a public workshop in Mid November.

Additionally, FHWA HQ is coordinating a video conference on 10/18/2011 at 9:00 AM with EPA, COE, FHWA HQ and field staff. If the EPA Region office is going to participate let us know so we can work out the logistics.

Thanks

Jason
