Subject: FW: Request for Hot Topic Bullets for Region IX for Upcoming ECOS Fall Meeting on September 15 - 17 in Santa Fe
Date: Tuesday, August 26, 2014 12:17:59 PM

Hi all,
We need to update the highlighted hot topic bullets below. I have put names next to them. These are the Air topics we submitted for the WGA in May so please feel free revise, delete, add new one as you see fit, for the ECOS Fall Meeting. These are bullets that rise to the top and you would consider a hot topic.

If I could have them by Friday, that would be great.

The bullets should not be more than 2 or 3 sentences maximum or they will be sent back. I have Colleen's edits already, in red.

Amy/Ben - For each state, we had a 111(d) bullet, pre-June 2. I assume we want to keep these and update?
Ben – There are also many CC adaptation bullets. Not sure if they all came from us or Water? LMK if they are not ours.

Thanks,
N

Gov. Janice Brewer – Arizona

Comments on 111(d) Prior to June 2nd Announcement: [redacted]

Navajo Generating Station: EPA made a final BART determination on August 8, 2014, requiring the Navajo Generating Station (NGS) to reduce nitrogen oxide (NOx) emissions in order to reduce visibility impacts of the facility at 11 national parks and wilderness areas. EPA finalized requirements that are consistent with an agreement developed by a diverse group of stakeholders known as the Technical Working Group on NGS (TWG). This final action establishes a cap in NOx emissions from NGS over 2009 – 2044 and requires that the facility either shut down a unit, or curtail generation by a similar amount, by 2019, and install additional pollution controls (SCR) by 2030 on the other two units. This final action, when fully implemented, requires over an 80% reduction in NOx emissions from NGS.

Subject: Request for Hot Topic Bullets for Region IX for Upcoming ECOS Fall Meeting on September 15 - 17 in Santa Fe
Importance: High

Division Liaisons –

Please see the following request received today for Hot Topic Bullets from Andrea Barbery in OCIR in preparation for the Administrator participation at the upcoming ECOS meeting. I have also attached below the last set of Hot Topic Bullets submitted to Andrea on May 30th prepared for the Western Governors' Association meeting. Please take a look at what we previously submitted and edit, revise, or add any new topics you feel should be included. I am only sending this request to the Division Liaisons and hope you can work with your Program contacts on this request.

Andrea is requesting we submit our Region's Hot Topics by COB Wednesday, September 3rd, so if I could request that you all send me your **Division Hot Topics by COB September 2nd**, which will allow me time to compile and share with the Front Office for final review before I send to Andrea. Thanks in advance for your help with this request.

- Brent

– – – –

Good morning,

In preparation for the Administrator's participation in the ECOS Fall meeting (Sept. 15-17), please send a short summary of your Region's Hot Topics by COB **Wednesday, Sept. 3**.

Please see the example, below, for format and brevity – we are really trying to keep this thing short! 1-2 sentences per bullet is much appreciated.

Let me know if you have any questions, or if there is anything I can do to help your RAs/DRAs prepare for this meeting.

Thanks,
Andrea Barbery

Subject: Region IX - Hot Topic Bullets for Arizona, California, Hawaii, Nevada, Guam, CNMI, and American Samoa for Western Governors' Association Meeting on June 10, 2014

Andrea –

In response to your request of May 22nd for Hot Topic bullets for the upcoming Western Governors' Association meeting on Tuesday, June 10th in Colorado Springs, CO at which Administrator McCarthy will be giving a keynote address, please find the Region IX submittals of Hot Topic bullets by your requested May 30th due date. We are submitting Hot Topic bullets for Arizona, California, Hawaii, Nevada, Guam, CNMI, and American Samoa. Please let me know if you have any questions or need any additional information. I will be out of the office on Friday, May 30th on CDO and will be back in the office on Monday, June 2nd.

Region IX:
Gov. Janice Brewer (Arizona)
Gov. Jerry Brown (California)
Gov. Neil Abercrombie (Hawaii)
Gov. Mark Sandoval (Nevada)
Gov. Eddie Baza Calvo (Guam)
Gov. Eloy S. Inos (CNMI)
Gov. Lolo Letalu Matalasi Moliga (American Samoa)

Gov. Janice Brewer – Arizona

Comments on 111(d) Prior to June 2nd Announcement: [redacted]

Navajo Generating Station: The public comment period on NGS Regional Haze SIP closed on Jan. 6, 2014. EPA is in the process of responding to 77,000 comments, and we intend to make a final decision in Summer 2014. Governor Brewer sent a letter to the Administrator on October 21, 2013 supporting the Technical Working Group (TWG) Alternative.
