---

As you know from our North Basin Task Force meetings, OCWD believes that additional work should be done at the Northrop Y-12 site, which is overseen by RWQCB. Attached a letter to RWQCB which documents OCWD's rationale.

Keith

Hi Ann. The attached letter is a follow up to our meeting on August 27th. A hard copy of the letter is being mailed to you today (including a copy for Nick).

Thank you for requiring Northrop to conduct additional groundwater investigation and remediation.

Please don't hesitate to call me if you have any questions.

Thanks.

-Dave
